NOTICE OF WORKSHOP ON PIIRA REPORTING FORMS

Pursuant to the Petroleum Industry Information Reporting Act (PIIRA) of 1980 (Public Resources Code, sec. 25350 et seq.), the Transportation Committee of the California Energy Commission will be revising the forms used to collect data on petroleum production, receipts, refinery capacities, inventory, imports, exports, wholesale prices and wholesale delivery volumes.

On April 27, 2004, the staff of the California Energy Commission will hold a workshop to take public comment and suggestions on the form and content of draft forms for reporting petroleum industry data.

TUESDAY, APRIL 27, 2004

9:30 a.m.

CALIFORNIA ENERGY COMMISSION

1516 Ninth Street

Hearing Room A, First Floor

Sacramento, California

(Wheelchair Accessible)

Background

The PIIRA statute was amended by Senate Bill 1962 (Costa, Chapter 288, Statutes of 2000) and Assembly Bill 1340 (Kehoe, Chapter 692, Statutes of 2003). These amendments increased the frequency of reporting and the level of detail reported by various sectors of the industries that produce, handle, store and distribute transportation fuels derived from petroleum. To implement the new statutory requirements, the Energy

Commission has created new reporting forms, which it will require the appropriate sector of the industry (such as, but not limited to: refiners, marketers, terminals, pipelines, and retailers) to provide data.

Title 20, California Code of Regulations, § 1367 authorizes the Energy Commission's Executive Director to establish the form and format for these reports. Following this workshop, Energy Commission staff will incorporate appropriate comments and make a recommendation to the Executive Director on the form and format of each report. The Executive Director will determine if they are complete and notify companies to begin using the forms no later than 30 days after they are received.

Written Comments

Members of the public may submit written or oral comments at the workshop on April 27, 2004, and are strongly encouraged to submit written comments before that date. Those submitting written comments should provide an original, plus 12 copies, to the Energy Commission's Docket Unit. If interested in filing comments by e-mail, please send one e-mail to [docket@energy.state.ca.us] and follow up with one original copy.

If you are providing written comments at the workshop, please make an additional 12 copies available at the beginning of the workshop. All written material filed with the Docket Unit or provided at the workshop will become part of the public record. Please send or deliver written materials to:
